Financial Policy Statement

Dear Patient:

We appreciate your decision to select our office for your healthcare needs. Our main concern is you and that you understand your condition and receive the proper care needed to restore your health. We hope that you understand that our financial policy is a necessary part of assuring the financial resources required in operating a professional healthcare facility for our community. Therefore we have implemented the following financial policy. We ask that you read, agree, and sign the financial policy prior to seeing a provider.

Payments for services are due at the time of service, unless prior arrangements have been made. We accept cash, check, and for your convenience, credit and debit cards. We will be happy to send your insurance claim to your carrier as long as you provide us with your current and accurate insurance information. Currently we participate with Aetna, Blue Cross Blue Shield, Humana, and a number of other plans. Some plans require a referral from your primary care physician and/or an authorization number from your insurance company before we can render professional services under your policy. Correct identification of your policy will allow us to submit an accurate claim on your behalf. Maintenance care can not be billed to a third party insurance carrier. We must emphasize the following:

- Co-payments and deductibles are due at the time of service.
- If your plan requires a referral, you are required to obtain that referral prior to your appointment. If you do not obtain the referral, you (the patient) are responsible for payment in full at the time of service.
- Not all services are covered under the benefits of certain plans. Any charges not paid by the insurance companies are the responsibilities of the patient. Including Health Savings Accounts (HSAs).
- If your insurance does not pay in full within 45 days, we ask that you contact the customer service department of you insurance company to expedite payment to the center.
- If your insurance does not pay in full within 60 days, we require you to pay the balance due within 10 days of notice.
- We do not accept assignment on out of state policies that are not governed by the Florida Department of Insurance.
- We do not do secondary billing if you have a multiple policy benefits without an additional fee of \$35 for filing.
- Returned checks are subject to a \$50 return check fee to cover bookkeeping and bank expenses.
- All balances older than 90 days will be reviewed and turned over to an outside collection agency if payment arrangements have not been resolved.
- **If you miss a scheduled appointment without the proper 24 hour notice, we reserve the right to charge a fee of \$20.**

We understand that temporary financial problems may affect timely payment of your balance. We encourage you to communicate such problems to us so that we can assist you in the management of your account. Again, thank you for choosing us for you health care needs, and we appreciate the opportunity to serve you.
